Symptom

Customer tries to use own key file for Google Big Query linked service on SHIR. Error:

*ERROR [28000] [Microsoft][DriverOAuthSupport] (8706) Unable to find or open file from:
C:\Users\mathco\Desktop\Profitero KEY\stable-reactor-304309-db95b8438eb6*

Solution

1. check if the key file path is correct.
2. check if SHIR process has permission on the file.
