Issue

Get exception like: 'Callbacks from ABAP are not supported' Callbacks from ABAP are not supported'

RCA:

In BW/4HANA system, the underlying SAP ODP RFC which ADF relied on adding a callback, which is not supported with current SAP Nco library.

Resolution:

Customer can either go to SAP system, set RSADMIN parameter "SHOW_SAPI_CONTEXT" to "X". (Customer's SAP experts will know how to do that) or apply note <https://launchpad.support.sap.com/#/notes/3076927>  in SAP system
