

# [Self-Help Document] I need to increase a Data Factory Limit

Last updated by | Jackie Huang | Jan 4, 2022 at 12:24 AM PST

---

**Path:** Data Factory/Data Factory Administration (Factory Creation, Move, Limits, Backup or Restore, etc.)/I need to increase a Data Factory Limit

**ID:** 32781330

**Description:** Request increase of limits for api calls, runs and entity count.

## Data Factory Limits

### Recommended Steps

- Some default limits can be increased per [customer request](#) ☑
- However, some limits, including bytes per object for pipeline objects, cannot be increased above the default
- Please refer the documentation link below for up-to-date information
- If you hit the bytes per object for pipeline objects limit, we recommend you split the pipeline into several smaller pipelines

### Recommended Documents
