Capture Pipeline Logs

Thursday, February 13, 2020
01:14 PM

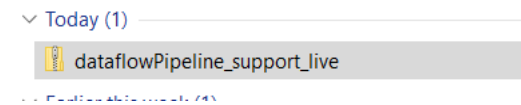

Refer to the below steps to download the pipeline logs while troubleshooting customer issues. The logs contains the pipeline json, pipeline name, subscription id etc. which Group while raising Icms or SME/EEE engagement.

Steps

- 1) Select the pipeline from the Pipelines list
- 2) Click on the ... (3 - dots) next to the pipeline name and select "Download support files"

- 3) Request customer to share the .zip file (mostly gets downloaded to the Downloads folder)

NOTE: The file name would be the *<pipelineName>*_support_live.zip

Created with Microsoft OneNote 2016.
