

[SSIS IR] How to get activity id to SME for investigation for failed to start IRs

Last updated by | Wanli Mao | Jun 22, 2022 at 2:01 AM PDT

1. Click on the IR of interest, then you can get this page

Integration runtimes > TestCustomSetup > Resource monitor (details)

Refresh

Edit

Details

Activities

STATUS	TYPE	REGION	NODE SIZE	RUNNING / REQUESTED NODE(S)	ERROR(S)
Stopped	Azure-SSIS	East US	D2_v3, 2 Core(s), 8192MB. Standard	0/1	1

2. Click on Errors: you can get activity id

RUNNING / REQUESTED NODE(S)

0/1

ERROR(S)

1

TestCustomSetup

How helpful or unhelpful was this error message?

ERROR 1:

Last operation 'Start' get the status 'Failed'.
