Symptoms	Customer asking how to setup SHIR in VMSS
Cause	
Resolution	<p>Yes, it's supported to deploy SHIR in a VMSS.</p> <p>Customer need to write his own script in the custom script extension for downloading/installing, a sample code could be referenced: https://github.com/Azure/azure-quickstart-templates/tree/master/101-vmss-with-selfhost-integration-runtime</p> <p>There are limitations for scale out/in</p> <ul style="list-style-type: none">When a new node scale up, a new SHIR node would be createdWhen one node scale down, based on our investigation, there is no way to do the delete node logic <p>this would easily hit the 4 nodes limitation when customer's scale up/down rule is frequently hit.</p> <p>Customer need to find some way to do the cleanup.</p>
