Issues

If there is any SQL side error code and you can find them in

https://supportability.visualstudio.com/AzureDataFactory/_wiki/wikis/AzureDataFactory/614274/SQL-side-error-messages

Resolution

1. First follow Azure DB's TSG is at [SynapseLink TSGs](#) . If CSS have more questions on this, they can contact owner.
2. If the error is not cover in TSG, please open ICM to SQL, the icm queue is: Azure SQL DB/Synapse Link Publisher.
