Data Sync - XTS views

SterlingSyncGroupStatus.xts   SYNC001 [General] Troubleshooting Sync Group/Member via XTS Views
SterlingSyncAgentStatus.xts   SYNC002 [General] Troubleshooting Sync Agent via XTS Views

To Check if the sync is making progress or not

Sterling servers and databases.xts---click on the hub database, database replicas.
Sessions. Filter .net data application. Check cpu_time and last_request_end_time to see if the sync is making progress or not.
If the log space used MB is increasing and there is no other workload, it indicates our sync is making progress.
