201066 Data warehouse polybase

Wednesday, July 24, 2019
8:29 PM

SME	
Symptoms	ErrorCode=FailedDbOperation,'Type=Microsoft.DataTransfer.Common.Shared.HybridDeliveryException,Me happened when loading data into SQL Data Warehouse.,Source=Microsoft.DataTransfer.ClientLibrary,''Type=System.Data.SqlClient.SqlException,Messag file access failed due to internal error: '**Error occurred while accessing HDFS: Java exception raised on c HdfsBridge_IsDirExist. Java exception message: HdfsBridge::isDirExist - Unexpected error encountered checking whether directory exists or not: StorageException: This request is not authorized to perform this operation**.',Source=.Net SqlClient Da Provider,SqlErrorNumber=105019,Class=16,ErrorCode=-2146232060,State=1,Errors= [{Class=16,Number=105019,State=1,Message=External file access failed due to internal error: 'Error occurr accessing HDFS: Java exception raised on call to HdfsBridge_IsDirExist. Java exception message: HdfsBridge::isDirExist - Unexpected error encountered checking whether directory exists or not: StorageExc request is not authorized to perform this operation.',},],'
Cause	Polybase doesn't not have the right authorization
Resolution	1. Please check if it is a staging copy. Blob storage auth type: • Key auth • Managed Identity (only choice if the blob is in the Vnet) • Service principal(not support)
More Information	Related incidents, reminder, best practice, how to avoid the issue, how to troubleshoot
Tags	Provide some tags that may help search
