Increase Self-IR log size
Friday, April 24, 2020
1:16 PM

1. On SHIR machine, open event viewer, select Applications and Services Logs -> Connectors – Integration Runtime->Properties, increase the 'Maximum log size' to 4000,000 (4GB)
2. On SHIR machine, open event viewer, select Applications and Services Logs -> Integration Runtime->Properties, increase the 'Maximum log size' to 4000,000 (4GB)

3. Reproduce the issue.
4. Go back to SHIR vm, and click on 'send logs' step by step.

Please make sure increase quota first, and then repro this issue, and last send logs

Created with Microsoft OneNote 2016.
