# Private endpoint for the ADF portal limitation

Last updated by | Veena Pachauri | Mar 8, 2023 at 10:57 PM PST

---

**Contents**

## Issue

Customer has configured a private endpoint for the ADF portal but the portal can still be accessed over the public internet.

## Cause

For now this is by design. We don't support disabling public access to ADF portal via private. The ETA for this feature is CY21H1

## Resolution

Explain the by design behavior for this functionality and that support for this is on our roadmap.

## SME

Leo Li lle@microsoft.com
