Issue

V1 Sproc activity run ~4 hours, and finally timeout

Cause

Customer's SP run over 30 minutes. V1 defect timeout is 30 minutes and then it timeout. V2 no this limitation.

Resolution

Set the timeout in policy, and it will reset SP command timeout value.

```
{
        "type": "SqlServerStoredProcedure",
        "typeProperties": {
           "storedProcedureName": "xxx"
        },
.....
        "policy": {
           "timeout": "02:00:00",
           "concurrency": 1
        },
        "scheduler": {
           "frequency": "Hour",
           "interval": 1
        },
}
```
