Check whether IR download latest bits

Last updated by | Veena Pachauri | Mar 8, 2023 at 11:10 PM PST

---

1. Log into IR hosted machine (make sure you did this for all the nodes)
2. Open the folder:

```
%programdata%\Microsoft\Data Transfer\DataManagementGatewayUpgrade\Version
```

> find whether it contains the latest version's folder,

3. If contains the latest version's folder, check the **DataManagementGateway.msi** file is complete

How good have you found this content?

😊 ☹️
